## 5633 TRANCAS CANYON

Busch Design Build Inc.

This original 1973 contemporary Spanish home was redone in 2013. The home has been reconfigured to contain a large public space with a family friendly kitchen, dining room and living room. The vaulted ceilings were fitted with wood and wooden beams. The end grain floor was stained a slate grey. It now has a country feel with views of the Ocean.

## MALIBU BEACH COTTAGES

Sorensen Architects, Inc.

This project rejuvenated a classic Cape Cod beach house. Sorensen Architects designed three cottage retreats with seamless connections to Broad Beach, where it lives. The objective was to create an escape that brought family and friends together creating unique spaces that, as a collective, promote family celebrations while staying true to its original design, a private getaway for the family.
